HETTRICK Patented Exclusive

The latest development in awnings in many, many years. Another exclusive Hettrick creation with all the advantages of regular awnings Plus ventilated coolness and added light. Increases home comfort by reducing room temperatures—as much as 19.9%. Admits more natural daylight with less glare—up to 13.2% more light. Reduces wind rattle by permitting air to pass through as well as providing a view of the out-of-door through the side netting ventilators.

THE LOW-PRICED

**Durable, Ready-to-Hang Awnings
Made of Quality Awning Fabric,
Sturdy, Painted Steel Frames**

Our guarantee protects you. You take no chance when stocking Hettrick awning values. The values are tops and the demand great. Here we present the market leaders in the awning field.

When selecting awnings, examine them closely. Make sure of the workmanship, quality, the sunfastness of colors you are going to get and, above all, the reputation of the manufacturer who stands back of the guarantee plus the service you are going to get.

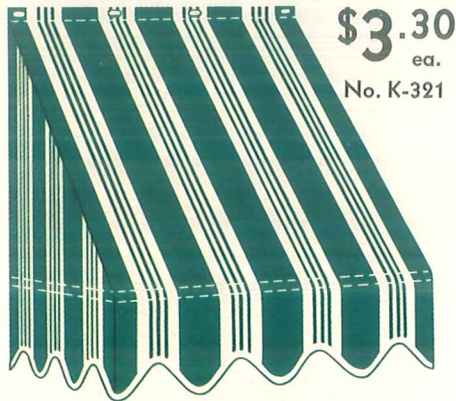

Every Hettrick awning is guaranteed to be as represented or money back. Made from high quality awning fabric with a twill-like weave. Striped to accurate register of the very highest quality color pigments ground in a special blend of oils to make them retain their color fastness. Seams are lap-felled and double-stitched for longer life. Self-adjusting brass oval eyelets in wide top hem for easy installation and removal. Reinforced strain points. 2'5" arm, 2'6" wall plus 8½" curtain. Complete with plated fixtures and pull ropes.

Single Window Sizes—(2'6" to 4'). Rust-proofed steel awning frame. Packed individually in protecting envelopes, 10 of one size and pattern to the shipping carton. Shipping weight 2'6", 3 lbs. Add ¼ lb. each size larger.

Double and Triple Window Sizes (4'6" to 7'). Heavy hinged steel frame. Individually packaged in clearly labeled cartons. Shipping weight 4'6", 6½ lbs. Add ½ lb. each size larger.

No. K-4041

Ever cognizant of trade demands, we are proud to offer you the finest in ready-to-hang de luxe awnings. Superior quality 9 oz. sq. yd. **stippled back Army Duck**. Sharp accurate striping of the finest pigments compounded especially for awning fabric by Hettrick technicians.

From full-cut patterns to finished awnings, the very best materials and workmanship are employed. Seams are lap-felled and double-stitched with genuine "Hickory" thread. All strain points reinforced with double goods. Front and side wall joined with a ridged seam for longer life and trim appearance. Rigid steel head-rod ($\frac{1}{4}$ " sizes through 7' — $\frac{3}{8}$ " sizes to 15') in top hem. Hem ends are trimmed and tacked to eliminate raveling.

Sizes 2'6" to 4' have 2'5" arm, 3' wall plus 12" curtain with $\frac{3}{8}$ " diameter painted hinged steel frame. Sizes 4'6" to 15' have 3' arm, 3' wall plus 12" curtain. Sizes 4'6" to 7' have $\frac{7}{16}$ " galvanized hinged steel frame. Sizes 7'6" to 15' have $\frac{1}{2}$ " galvanized pipe frame.

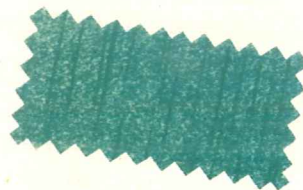

Complete in clearly labeled individual cartons with plated fittings, non-curl pull ropes and easy to follow instructions. Shipping weight 2'6", 6 lbs. Add $\frac{1}{2}$ lb. each size to 4' — $\frac{3}{4}$ lb. to 7' — 1 lb. to 15'.

Complying with the Federal Trade Commission, the awnings shown in this catalog have been manufactured to fit the window sizes designated and do not necessarily reflect the exact measurements of

the awning itself because canvas products are subject to retraction or expansion due to varying climatic conditions.

See matching awning patterns, pages 2 to 6.

READY MIXED—EASY TO APPLY

Hettrick's exclusive oil-tempered tarpaulin and tent treatment is now obtainable for the sportsman to do his own treating. Thoroughly penetrates and saturates each pore and fiber of the material to be treated, prolonging the life by keeping the fabric soft and pliable. "Arctic Bay" compound is used exclusively for all Hettrick tents and tarpaulins and is used extensively for treating all kinds of canvas goods. One gallon will cover approximately 100 sq. ft. Easy to apply—anyone can use this compound with satisfactory results.

HETTRICK "SPEEDER"

ENDLESS STITCHED CANVAS HAMMERMILL BELTS

- POSITIVE CONSTANT PULLEY GRIP
- NO SLIPPING AT HIGH SPEED
- ALL THE POWER, ALL THE TIME
- REQUIRES NO BELT DRESSING

High speed Hammermill efficiency and power take-off require a superior stitched canvas belt. Speeder belts, constructed of heavy quality 34 oz. pre-stretched belting duck, thoroughly saturated and scientifically treated, have proved their superiority. Constant positive pulley grip at the take-off and at highest speeds. Thousands now in use. Not affected by heat, cold, sun, rain or air.

Guaranteed to Give Complete Satisfaction or Money Refunded

RED BULL

Endless thresher and tractor belts constructed of 32 oz. pre-stretched interlocked stitch heavy duck, thoroughly saturated and treated with special vegetable oils and waxes that thoroughly penetrate and lubricate, preventing internal friction and drying out. Coated with a "life saver" red oxide providing a pulley gripping, wear resisting surface. No ply separation or cracking.

BLACK BULL

The original "all weather" belt that is tough as elephant's hide. 32 oz. closely woven, pre-stretched interlocked stitch belting duck. Thoroughly impregnated with Hettrick's exclusive black compound and tempered by a secret process. No ply separation or dry rot. Reinforced stitched splice and double stitched edges.
